Michael Formica, NPPC

Paul Bredwell, USPOULTRY

ACWA CAFO Roundtable

September 24, 2020

- ▶ Our producer-led organizations actively support responsible and effective manure management
- ▶ We can and want to help find solutions that lead to real and meaningful water quality improvements
- ▶ AADG is productive and useful
- ▶ Most implementation happens through the states
- ▶ Open and constructive communication could lead to good answers that solve real problems

WHY WE ASKED FOR THIS
CHANCE TO SPEAK

- ▶ Talk about ways to achieve better water quality outcomes
- ▶ Understand your views of implementation challenges, and why they matter to you
- ▶ Identify programmatic best practices to support good manure management and consistent with your responsibilities
- ▶ Facilitate better communication with our members...without our overstepping our roles

WE'D LIKE TO

- ▶ Michael Formica, National Pork Producers Council
- ▶ Scott Yager, National Cattlemen's Beef Association
- ▶ Paul Bredwell, US Poultry & Egg Association
- ▶ Miquela Hanselman, National Milk Producers Federation
