

# 2021 NUTRIENTS PERMITTING WORKSHOP: PERMITTING FOR RESTORATION

---

**SAVE  
THE  
DATE**

**ONLINE**

**OCTOBER 26-28,  
2021**

**1-5 PM EST**

---

**SPECIAL THANKS TO:**

**UNITED STATES  
ENVIRONMENTAL  
PROTECTION AGENCY,  
WATER ENVIRONMENT  
FEDERATION, AND THE  
NUTRIENTS  
PERMITTING  
WORKSHOP PLANNING  
COMMITTEE**

*This workshop is part of a series of meetings focused on nutrients permitting through a grant between EPA, ACWA, and WEF.*

*The workshop series is intended to help support states and EPA to further identify obstacles to nutrient permitting program implementation, highlight opportunities for program improvement, showcase innovations, and assist with analysis of training, guidance, tools, and other support material needs.*

*The series will also address improving administrative efficiencies, clarify roles and responsibilities, promote program streamlining, build stronger linkages to WQS and TMDLs, modernize permit terms and data management, revise program performance measures, identify program areas where targeted technical assistance would be most beneficial, and attempt to solve some of the most intractable nutrients issues.*

*This workshop will have days dedicated to the restoration of lakes, rivers, and estuaries.*
