

2026 State Summit on Water Reuse

Intercontinental Downtown, Los Angeles, CA

The 2026 State Summit on Water Reuse will occur on Wednesday, March 11, 2026, in conjunction with the annual WateReuse Symposium (March 8-11) at the Intercontinental Downtown in Los Angeles, California. The primary goal of the State Summit is to provide a place for state regulators to share and learn about a range of water reuse issues, network with state colleagues, and coordinate with representatives from select federal agencies. The Summit will feature perspectives from many states and provide an opportunity for participants to share their thoughts and key questions with colleagues from around the country.
